IMPORTANT NOTICE - World Carp Classic South Africa Qualifier - Postponed

Out of concern for the health and safety of our anglers, officials and sponsors, following the Government and Northern Operations Department of Water and Sanitation, we as the organisers have no choice but to postpone the 2020 World Carp Classic South Africa Qualifier until further notice due to the COVID-19 (Coronavirus) pandemic. (ALL FISHING COMPETITION PERMITS ARE DECLINED)

For Anglers, the event's media partner and naming rights sponsor supports the decision and echoes the sentiments of all of our sponsors, including Cold Factor, Conqueror Off-road Campers, Gys Pitzer Motoring and Super Cast, Buffelsfontein Brandewyn (Halewood), The Urban Angler, Stealth Baits, Carp Gigz, Karpioene, Evolution Carp Tackle, DB Baits, MCT, Colourtech, Inspecta Car (Brits), Loukie's Bait Boats.

The event being hosted at popular carp venue, Roodekoppjes Dam was scheduled to start on Saturday 28 March and conclude on Friday 3 April 2020.

Event Director Charles Horlick notes, "This was not an easy decision to make but the safety of our anglers and all the attendees is paramount and in following with government guidelines regarding the COVID-19 Outbreak it was the best decision in the interest of our anglers and public well being".

All sponsors of the event will be contacted directly regarding the way forward for the event should circumstances improve in the near future. We are currently looking at May / June for the event to proceed, but all the team captains will be contacted personally.

If you have additional questions, please contact tanya@conveyoree.co.za.
